

SB535 Disadvantaged Communities List (2022)

Data Dictionary

This document provides the data dictionary for the corresponding Excel file containing the list of disadvantaged communities (DACs) designated by CalEPA. The corresponding Excel file contains the following tabs of data.

The first tab contains this data dictionary information.

The second tab "SB 535 tract list" contains the list of census tracts identified as DACs by use of the CalEnviroScreen tool.

The third tab "SB535 tribal area list" contains the list of tribal areas in California that are identified as DACs. (Data dictionary at the bottom of this page).

Refer to the SB535 map and census boundaries linked below for lands under tribal control.

A Tribe may establish that a particular area of land is under its control, for purposes of this designation, by requesting a consultation with the CalEPA Deputy Secretary for Environmental Justice, Tribal Affairs and Border Relations at TribalAffairs@calepa.ca.gov.

The fourth tab "SB535 tract all data" contains all of the underlying CalEnviroScreen data for the list of identified census tracts in the SB535 tract list. (Data dictionary below)

Additional information on SB 535 is available at the [CalEPA webpage](#) and the [OEHHHA webpage](#).

Information on CalEnviroScreen is available at the [webpage here](#).

American Indian Areas Related National Geodatabase of federally recognized tribal boundaries within California downloaded from [Census TIGER/Line Geodatabase](#) (2021).

Note: the two Tribal Designated Statistical Areas (TDSA) boundaries in California were removed as they are statistical boundaries for federally recognized tribes that do not currently have a reservation or trust land.
